### cerbet

roof covered with tiles were borrer by the Italians. In these buildings are lodged the men of the Inf. battalion.

The fourth building is constructed with \$866 stones, and its roof is covered with tiles; it is a two story building constructed in Zog's period. In this one are stationed the workshops of the battalion( shoe-maker's shop, tailor's shop, etc).

The remaining 3 buildings are single-story, with different dimensions, havin	g
their roofs covered with tiles. One of them serves as a cookhouse;	25X1
	25X1

At a distance of 300 m. from the a/m barracks, within the area of the barracks which is surrounded with a wire-fence, there is the church of AGIA PARASKEVI and a small building located nearby the church. The latter is used as an ammunitions depot.

#### Water

Water is received from springs located in the area of the barracks.

#### Light

Electricity is available from the Electricity Producing Factory of Bilisht.

Security measures (Guards)

The side of the camp located towards the road is closed with a brick-made wall about 1,90 m. high. The other three sides of the camp are surrounded with barbed-wire fence about 1,50 m. high. In day time the camp is guarded by a sentry assigned to the gate which is located to the side of the camp facing the road. Within the area of the barracks there are two Soviet A/A guns, 12,72

## SECOND CHAPTER

# FORCES OF THE MINISTRY OF INTERIOR AND FARA-MILITARY ORGANIZATIONS BORDER GUARD SERVICE

## 1. - Organization and Location of Units

# a). Border Guard Battalion stationed in Bilisht

The HQs of the Border Guard Battalion are stationed in Bilisht, in the house of Pandi DUMB, which is located at the Southern end of the street leading to the motor-road KRISTALOPIGI - KORCE (DK-990976). The coys of the battalion are distributed as follows:

One Coy in RAKICKE (DL-984071), one in KAPESHTICE (EK-012950) and another in BBOZHIGRAD (DK-904845). The battalion is responsible for the sector of the border extending from the lake PRESPA E MADHE (Area of CERJE) to the area of NIKOLICE.

#### Armament

The battalion was equipped with German armament until 1955	25X1
In 1955 the German armament was replaced with Soviet equipment as	25X1
follows:	
-Soviet Rifles, 7,62mm, type M-1891/30.	
-Soviet sub-machine guns, 7,62 mm, type P.P.S.H. 1941.	

25X1

# Transportation familities

The Battalion has a Soviet truck, type GAZ-51, and a vehicle for passengers slightly bigger than a jeep (type unknown). The latter is assigned to the Commander of the battalion.
